1. Balance of Payment of Ukraine (according to BPM6)

Last updated on: 19.12.2025

Within the framework of the implementation of the Programme for the Development of Official Statistics up to 2028, the dissemination of data on transactions of other financial corporations within external sector statistics has been initiated. The increased level of data disaggregation by institutional sectors, in line with the requirements of the sixth edition of the Balance of Payments and International Investment Position Manual (IMF, 2009), did not affect the overall balance of payments aggregates as the relevant transactions had already been included in the statistics although were not previously identified separately. The corresponding changes in balance of payments statistics have been implemented from 2020 onwards.

According to the Law of Ukraine On Protecting the Interests of Entities Submitting Reports and Other Documents Under Martial Law or in Wartime, part of information need for compiling balance of payments statistics was not collected. Estimation of the balance of payments for 2022-2024 was made based on available information and will be revised after receiving additional information.

Indicators of trade in goods include the volumes of postal shipments, which up to 2025 contained information only on shipments subject to taxation. In 2024, the State Customs Service of Ukraine implemented a transition to an electronic customs clearance system for postal and express consignments, which made it possible to significantly expand the coverage of postal shipments. Given the systemic nature of changes in data on the volumes of postal shipments and in order to ensure the comparability of balance of payments indicators, the data on exports and imports of goods delivered as postal shipments for 2020-2023 were revised. As a result, USD 1459 million increased imports of goods million in 2020, USD 2083 million in 2021, USD 926 million in 2022, and USD 1589 million in 2023. Postal export volumes increased by USD 440 million, USD 508 million, USD 276 million, and USD 336 million respectively.
